Index to Gleanings in Bee Culture

Volume LXXIV, 1946

In using this index the reader should not fail to note that it is divided into four departments, namely: General, Editorials, Contributors, and Illustrations. The index of General includes everything except Editorials, Illustrations, and Contributors.

GENERAL

A

Abushady, Dr. A. Z. to come to America 343
Advertising honey 474
Advice, all of ours proves disastrous 397
Agricultural chemicals. 510
Air conditioning of bee hives 80
insulation par excellence 664
Alfalfa, bees aid seed .. 141
seed, treating with DDT 510
American foulbrood, newer knowledge of 138
simple field test for 6
Anise hyssop 597
Ants, chasing from hives 546
getting rid of 502
keeping out of hives with DDT 340
Apiary notebook, from the 136, 598
Apricot meringue, honey pie with 13
Australia, migratory beekeeping 139

B

Balance in black 72
Balkans, bees in 273
Bee cluster, behavior of 472, 536
diseases and methods of handling 373
eaters, chasing away 273
effect of DDT on . 332
lore, Indians skilled in 548
losses minimized through care in use of DDT and other chemicals 396
repellents, investigation on materials suggested as 77
Beekeeper, amateur, observations of ... 211
latest boon for 611
meet at Detroit Lakes 488
Beekeeping, backlot, does it pay? 339
display 614
does pay 1
for veterans .. 144, 687
in northern New York 678
instruction 27
library at Cornell 570
needs bookkeeping 132
new methods of .. 70
oddities I've seen in 21
Tunisan 74
Bees aid alfalfa seed .. 141
and fruit sprays .. 9
are not communists 615
can they foretell weather 273
couldn't enter super 151
effect of DDT on . 332
feeding honey to .. 502
gassing in fall 572
in Balkans 273
in his bedroom .. 547
DDT, and other agricultural chemicals 510
do not believe in prohibition 23
it pays to keep 436
kill clipped queen 502
moving without screens 40
1947 goal for 672
onions need 23
outlaw, does it pay to keep? 662
planting especially for 484
preparing for winter 486
publicity for 598
pumpkins need ... 90
remind me of women 604
scout 91
secret of heat conservation ... 664
strike against cut comb honey foundation 598
the smuggling ... 487
wintering 552
Beeswax, producing better 477
Before and after 611
Behavior, colony, in rearing queens 392
of the bee cluster 472, 536
Birds select drones ... 478
Blight on pears caused by soil too rich in nitrogen 25
Blind man operates bees 265
Bookkeeping, beekeeping needs 132
Boon, latest for beekeepers 611
Bottom as well as top entrance needed 25
board, two uses of 20
Box car honey house.. 598
Bran pastry 13, 336
Bread, honey banana nut 651
honey, date and cheese 608
honey date nut ... 476
honey orange 476
Brood rearing, curtailing late fall 90
Brownies, honey 336
Bulletin "Keeping Bees in Maine" 505
Buns, honey currant .. 476
Butler, Dr., scientist visits United States 398
Butterballs, honey pecan 272

C

Cabbage, honeyed corn 13
Cage, mailing, how to get workers out of 502
shipping, all-wood for package bees ... 208
Cake, honey almond cream 82
upside down, honey gingerbread 336
Cardiac, honey as a .. 600
Carniolans, my experience with 480
Carolina—a tropical tree 489
Carrots, glazed 637
Cellar, early warm days in March unfavorable for 152
wintering and mice 88
Cheese and pineapple salad 13
Chemicals, agricultural 510
Chinese entomologist, Root Co. entertains 485
Christmas star honey cookies 667
Clethra Alnifolia 325
Clover killed 597
red, studies of seed setting 468
Coffee cake rings, honey 608
honey in 639
let's have 608
Collecting pollen in advance for feeding package bees 210
8% increase suggested 89
Colonies, gassing in the fall 572, 610
1947, goal for 672
strong, re-emphasis on 327
why some supersede and others fall . 550
Colony behavior in rearing queens 392
tree, vs. hive colony 465
Comb production, feeding for 198
queens, and winter cluster 467
to get bees off 490
Cookie capers 140
Cookies, chocolate fruit 499
Christmas star honey 667
drop, apple butter 520
filled honey 461
honey drop 140
honey oatmeal ... 520
honey peanut 538
honey refrigerator 461
Cooperative, my reasons for joining 3
Corn, cabbage, honeyed 13
Correspondence course in beekeeping 629
Cranberries and honey 20
Cream cake, honey almond 82
filling, honey almond 82
Creation, have you one? 538
Crop, honey, chasing down the 262
Cup cakes, honey sour cream spice 499
Cuyahoga County B. K. A. 634

D

DDT and other agricultural chemicals 510
bee losses minimized through care in use of 396
effect on honeybees 332
for spraying 572
How Good is? —article 505
keeping ants out of hives with 340
the hope of 16
to treat seed alfalfa 510
Deathhead moth 602
Dept. of Agri. suggests increase of 8% in colonies of bees 89
Diseases and methods of handling 573
Display, beekeeping .. 614
Dividends, my hobby pays 340
Dividing in April 196
Doughnuts honey tea. 272
Drone how valuable?. 659
layers and workers 546
traps prevent virgin queens from mating 503
selected by birds.. 478
Drouth, bad in South Africa 610
Dry feeding of sugar.. 339
Dyce, Dr. succeeds Dr. Phillips 507

E

EFB not spore forming 482
Empire State Honey Producers' Association ..142
Entrance, top, vs. quilts 490
Equipment modernized extracting 358
Excluder, keep queen below the latter part of season 338
Experiment, queen rearing 10
Extracting, modernized equipment 358
Extractor, disinfecting a 503
painting rusty spots on 503
Eyes of bees 529
what are they for, then? 529

F

Feeding back unfinished sections 572
dry sugar 339
for comb production 198
honey to bees 502
new procedure for securing sugar for 85
Figwort 597
Filling, honey almond cream 82
honey cream 394
Florida, southern, late flow in 675
Flow, late, in southern Florida 675
Forces of honeybees, re-emphasis on 327
Foulbrood, American newer knowledge of .136
simple field test for 6
4-H Club boys and girls produce honey 385
Frames, without examining 260
Fritters, honey apple bran 272
Frosted honey cocoa drops 140
Frosting, honey cocoa.. 140
Fruit sprays and bees. 9

G

Garden sage 597
Gassing bees in fall 572, 610
Geese and bees get on well together 211
Georgia bee laws and regulations 358
Glass jars, processing honey for 502
Glazed onions and carrot 637
Golden honey plant ... 597

H

Ham, honeyed 12
Haseman, Prof., on sulfa treatment 438
Hawkins, Kennith, passing of 613
Head, save, and use back 549
Heat conservation, what is bees' secret of 664
Historical error, an alleged 210
History repeats itself.. 565
Hive, panel heat in ... 679
Hives, air conditioning of 80
hidden 598
keeping ants out of with DDT 340
large, swarm control in 321
scales for weighing 611
until standard return 212
weighing 666
weighing with bathroom scales 470
Hoist, a power 490
Honey, advertising 474
almond cream cake 82
almond cream filling 82
and cranberries .. 20
apple bran fritters .272
apple bran muffins 538
apple butter drops 520
as a cardiac 600
avocado ice 419
banana nut bread. 651
brownies 336
butterscotch pecan patties 717
cherry tarts 206
chocolate popcorn 667
cinnamon rolls ... 608
cocoa frosting 140
coffee cake rings .. 608
cornstarch pudding 119
cranberry pie 12
cream filling 394
cream pie with crumb topping . 394
crop, chasing down 262
crumb topping ... 394
currant buns 476
date and cheese bread 608
date nut bread ... 476
drop cookies 140
fancies 206, 667
fed to bees 502
4-H club boys and girls produce 20 tons of 385
gingerbread upside down cake 336
glazed meat with vegetables 206
in coffee 639
jelly 434
lemon pie 119
oatmeal cookies .. 520
oatmeal jam squares 13
orange bread 476
orange whirls 419
peach batter pudding 336
peanut butter chiffon pie 250
peanut cookies 538
pecan butterballs.. 272
perfection salad .. 206
perks them up ... 394
pie with apricot meringue 13
plant pollination committee meeting report 440
preferred 272
price decontrolled. 636
processing for glass jars 502
production, beekeeper should stick to .. 3
raisin nut bars 141
refrigerator cookies 461
report for 1946 ... 509
report for October 639
rhubarb pie 336
rhubarb sauce 394
strawberry ice cream 434
sweet potatoes 679
sweets 667
taking from a bee 598
tapioca cream 82
tea doughnuts 272
toffee 717
to the Rescue, by Ester Grayson 324
Hope of DDT 16
Horsechestnut, is it toxic to bees? 471

I

Ice cream, honey strawberry 434
honey avocado ... 419
Immunity, resistance does not mean 660
Impressions, wrong ... 615
Inbreeding advantages. 659
Increase of 8% suggested by Dept. of Agri. 89
Indians skilled in bee lore 548
Instruction, beekeeping 27
Introduce queens, another way 21
Investigations on materials suggested as bee repellents 77
Italian baked rice 12

J

Jam squares, honey oatmeal 13
Jelly, honey 434

K

Kingbirds destroy queens 25
